

WELCOME TO STARS OF HOPE®

**YOU ARE ABOUT TO
CREATE HOPE IN THE WORLD.**

Stars of HOPE® is a registered trademark of

EST. 2007

YOU, YOUR CHILDREN, FAMILY, FRIENDS AND COLLEAGUES
AND ANYONE ELSE YOU WISH TO EMPOWER WITH THE OPPORTUNITY TO CREATE STARS OF HOPE®

ARE NOW PART OF A GROWING “PAY IT FORWARD”
SERVICE MOVEMENT THAT IS BRINGING HOPE AND HEALING
TO PEOPLE AROUND THE WORLD EVERY SINGLE DAY.

BUT THERE IS ONE THING YOU SHOULD KNOW.
STARS OF HOPE IS NOT AN ARTS AND CRAFTS PROJECT.

These stars are not meant for you to keep.
They are meant to teach the importance of **giving**.
They are meant to teach **empathy**.
They are meant to teach the power of words and designs
when expressing **compassion**.

And these stars are meant to show your children
and their friends that they can make an impact
on any other person anywhere in the world
by asking one simple question:

WHO NEEDS HOPE?

COVER PHOTO: Annie, a 12-year-old girl

into darkness for the families of

👉👉 *The first time I saw some stars, I smiled. The second time, I stopped to read them. The next time, I found myself looking for them and excited to see new ones. That was the moment I realized your beautiful stars became my focus instead of the destruction that was once our beautiful life. Thank you for the beauty you are bringing back to us. 🙏🙏*

Dana C., Hurricane Sandy survivor, Sheepshead Bay, NY

Japanese schoolchildren who survived the Tsunami made Stars of HOPE that showed up on this tree in Breezy Point, NY. Families from Breezy Point who survived Hurricane Sandy made Stars of HOPE that showed up in Newtown, CT. Kids who survived the tragedy in Newtown made Stars of HOPE that showed up in Moore, OK. The Moore community who survived the tornado in created Stars of HOPE too.

Now it's your turn to give someone else HOPE.

SO LETS GET STARTED...

QUESTION #1: WHO NEEDS HOPE?

ASK YOUR CHILD, FAMILY, AND FRIENDS THESE QUESTIONS:

IS THERE SOMEONE IN OUR COMMUNITY WHO NEEDS HOPE?

Is there a lonely senior citizen in our neighborhood
who would appreciate a Star of HOPE®?

Maybe a children's hospital, a nursing home, a women's shelter,
a juvenile detention center, a volunteer firehouse, police station, army base,
or a family dealing with a tragedy?

IS THERE SOMEONE IN THE UNITED STATES WHO NEEDS HOPE?

Did you see a story on the news
about a community impacted by a natural or
man made disaster or a family in need that could really use
some hope now and in the weeks and months ahead?

IS THERE SOMEONE IN THE WORLD WHO NEEDS HOPE?

Tornadoes. Earthquakes. Hurricanes. Fires.
Violence. Accidents. Refugees. Disease.
What child – what adult – what community
or what organization serving people in need
could really use a boost to lift their spirits right now???

We have been blessed by so many volunteers from around the world who came to help us rebuild following the tornado. But I wanted you to know that no one did anything as inspiring for us as what you did with those Stars of HOPE.

– from a 5th generation resident of Greensburg, Kansas

220 CHILDREN from Kindergarten through High School transformed the emotional landscape of Greensburg, Kansas in the very first Stars of HOPE painting event in December 2007.

WE ARE 75,000 + STARS AND GROWING.

QUESTION #2: WHAT ARE THE WORDS, EXPRESSIONS, AND DESIGNS THAT CAN BRIGHTEN THEIR DAY AND PUT A SMILE ON THEIR FACE?

Now that you and your children are thinking about who needs hope in your community, the country, or the world – **challenge your children** to think of the words, expressions, or designs that can lift the spirits of the people you will be sending your messaged stars. Remember, people will see your Stars of HOPE® every day and be reminded that your family and friends truly care about them too.

WORDS. EXPRESSIONS. DESIGNS OF HOPE... GO!

💖 As a mother of two girls I want them to grow up strong, to be part of something important, and to know you can and should make a difference in someone else's life. A very bad thing happened to our family and this is a way for us to give back to another community struggling for normalcy. It's our way to Pay It Forward. 💖

QUESTION #3: HOW CAN WE GET OUR PAINTED STARS OF HOPE® TO PEOPLE IN NEED OF HOPE...

ASK YOUR CHILD, FAMILY, AND FRIENDS THESE QUESTIONS:

IN OUR COMMUNITY?

Can we take our Stars of HOPE down the block
or across town and deliver them ourselves
or hang them with ribbons from fences, poles, or trees?

IN OUR COUNTRY?

If we decide to make our Stars of HOPE for another community in the United States,
can we drive there and put them up ourselves?

Are we part of a service organization or faith based group
that has a local presence where we want to send them? Is there a local school
or firehouse in that community we can find an address for online?

Can we send our Box of HOPE to them, and empower folks in that local community
with the opportunity of spreading hope by putting up our messaged stars?

IN THE WORLD?

Same thing with overseas. Can we find an address on the internet for a local school
or firehouse or house of worship – or maybe a volunteer organization helping
those people – and send our Box of HOPE and all our love directly to them?

On the morning of Thanksgiving Day 2012, Evan and Josh woke up and decided to give HOPE to families in the Rockaways who lost their homes in Hurricane Sandy. Marcelle from Georgia, Eva from Texas, and Kelly from Chicago showed up in New Jersey to give HOPE too. Kids in Texas and New York gave HOPE to Massachusetts after the tragedy at the Boston marathon. And children in Kansas gave HOPE to Kessenuma, JAPAN on the 1-year anniversary of the Tsunami.

Compassion knows no age limits or geographic boundaries.

MAKE STARS OF HOPE® PART OF YOUR FAMILY TRADITION

BIRTHDAYS. FAMILY REUNIONS. THANKSGIVING. CHRISTMAS. CHANUKAH. KWANZAA.
BAR AND BAT MITZVAHS. GRADUATIONS. BLOCK PARTIES. ANNIVERSARIES.
MEMORIALS FOR LOVED ONES. FAITH BASED GROUPS. SERVICE ORGANIZATIONS.
CLASS PARTIES. CORPORATE TEAM BUILDING. HOSPITAL VISITS...

Birthdays are the best days to give someone HOPE.

Charle lives in Ellijay, Georgia and on her birthday she gave her friend Jeff a Star of HOPE. At the end of the day, Jeff gave Charle's star to Hudson, a 5-year-old girl outside Atlanta who is fighting Leukemia. Paying It Forward is what Stars of HOPE is all about!

Turning sad days into HOPE-filled days

Builder Bob from Archie, Missouri was a great man. Just weeks after he died, his wife Shirlene and her friends and family got together in their church on Bob's 74th birthday to paint Stars of HOPE in his memory. Even in sadness, we have the capacity to give HOPE to others.

You never know the moments when people need hope the most.

"Marc called me Monday morning to tell me his wife Jill was in the hospital. The end was near after her courageous seven year battle against cancer. I made Jill a Star of HOPE and brought it to her bedside. I feel so blessed to have shared that moment with this beautiful woman we will always remember." - JP

THERE IS NO LIMIT TO WHEN AND WHERE YOU CAN BRING MORE LIGHT INTO THE WORLD THROUGH STARS OF HOPE

THINK GLOBAL. ACT LOCAL.

WHEN HOPE IS TRULY NEEDED, SOMETIMES THE WORLD IS JUST A FEW MILES OR A FEW FEET AWAY.

The Nepal earthquake happened on Saturday. On Sunday morning, families at the 9/11 Memorial in Manhattan painted Stars of HOPE for the people of Nepal. A few hours later, in the the “Little Nepal” neighborhood of Queens, a community leader explained to the grieving crowd at a prayer vigil *“These Stars of HOPE were made for you. Each one of them is a prayer from a child. Please accept them.”* Sometimes, when people are in need of hope, the world is just a few miles away.

“Josh, what’s the official language of Rwanda?”

Their next door neighbor was leaving for Rwanda on a medical mission. Josh created stars with the word “Hope” in the 3 official languages of Rwanda – *Kwizera*, *Espoir*, and *Hope*. A few days later, children, parents, doctors, and nurses in the middle of Africa knew that a little boy a million miles away cared about them too.

Hello, My name is Rob and I live here in Breezy Point NY. I just wanted to say thank you for your great work. After Sandy myself like many of my neighbors lost everything. I will never forget the first day I saw your Stars of HOPE. At first I was taken back as I was standing by what's now known sadly as the fire zone. Everything was black from the fires, but this colorful star caught my eye so I approached it. I don't recall what it said, but I do recall how it made me feel. I felt comfort, healing and happiness someone was thinking of us because at that moment in time it sure didn't feel like it.

Looking into destruction and seeing people digging through soot to find a plate from their grandmother was something I will never forget. But these stars were a constant reminder to keep our heads up as many of us have.

After a few months construction slowly started and I noticed the stars were disappearing from the new poles and some were fading badly. So I collected a few to preserve. I will have these on display on my newly built deck for all to see. So thank you for the words of inspiration and know it's working. We still think about all you guys children almost daily when we see these stars. While faded their message is still strong. -Rob
