Stars of HOPE® to shine **BRIGHT** at Pulse Nightclub in Orlando, FL!

Local Community will participate in a community arts and disaster relief project at the Pulse Nightclub site on 6/12/2017.

Volunteers from around the U.S. team up with local partners to bring hope and healing to Orlando community. Making Stars of HOPE at the Pulse Nightclub site is an opportunity to "pay it forward" to Manchester and London.

June, 2017 – Orlando, FL – Compassion knows no age limits or geographic boundaries. This June 12th, people of ALL ages will participate in the Stars of HOPE® project where they will hand-paint beautiful designs and inspirational messages of HOPE and healing on 1-foot wooden stars. The painted Stars of HOPE will be displayed throughout the community of Manchester and London England and/or be delivered by volunteers to other communities in need of HOPE. They serve as beacons of HOPE and compassion for all to see through the long-term recovery.

“Stars of HOPE is an act of love. They are coming to Orlando to help us show the world how a community can come together as one by simply painting a Star to send around the world as a token of our love.” Neema Bahrami, Event Coordinator, OnePULSE Foundation

“Stars of HOPE came to us at a very dark time. Receiving a personal message of HOPE helps with the beginning of the healing process. Within the year Orlando has used SOH to help “pay it forward” in our community and across the world sending messages of comfort, love, and HOPE.” Josh Garcia, Orlando

Volunteers organized this special event with the generous support of **OnePULSE Foundation, Pulse Nightclub, Orlando United, City of Orlando, Orange County Government, Loews Hotels, JetBlue, New York Says Thank You Foundation and our Stars of HOPE Ambassadors.**

About Stars of HOPE

Stars of HOPE® empowers people of all ages to transform individuals and communities through the power of art and personal messages of hope and healing. Since 2007, over 65,000 hand-painted Stars of HOPE have lifted the spirits of millions of disaster survivors in 146 communities and 23 countries. Stars of HOPE® is a registered trademark of New York Says Thank You Foundation.
